Applicant's representative held an interview with Examiner Tugbang on April 22, 2004. Applicant's representative would like to thank Examiner Tugbang for his time and attention to this matter.

Applicant's representative pointed out that the pending Office Action was unclear as to whether withdrawn dependent claims 4, 5, 7, 9-11, 16, 17, and 21 would be rejoined with allowable independent claims 12 and 18. Applicant's

representative pointed out that since independent claims 12 and 18 are allowable, such independent claims are generic or linking as to the above-listed dependent claims. The Examiner agreed.

To put this case in form for allowance, the Examiner stated the following:
1) a terminal disclaimer must be filed; and 2) claims 45-46 must be cancelled as being claims directed to another invention, species II, of paper no. 7 which were not elected for prosecution. Upon canceling claims 45-46 and filing the terminal disclaimer, the Examiner stated dependent claims 4, 5, 7, 9-11, 16, 17, and 21 would be allowable as being rejoined with allowable independent claims 12 and 18.

Applicant's representative would like to again thank Examiner Tugbang for his time and attention to this matter.

Respectfully submitted,
